

REMARKS

Claims 15-20, 22, 23 and 37-45 are pending and have been allowed by the Notice of Allowance issued June 2, 2004. By this Amendment, the specification and drawings are amended.

The Notice of Allowance requires that the distance between window 34 and array 32 in FIG. 2 be shown to be at least equal to the length of the array 32 or this feature be canceled from the claims. FIG. 2 is amended to show this feature, and the specification is amended to better describe FIG. 2.

Entry and consideration of this Amendment is proper because it is needed for proper disclosure and protection of the invention and requires no substantial amount of additional work on the part of the Office. See MPEP 714.16.

Any fee required for proper entry of this document and not submitted herewith should be charged to the deposit account of the undersigned attorney, Account No. 01-1785; any refund should be credited to the same account.

Respectfully submitted,
